<https://redcap.link/caregivernetwork>

Measuring Caregiver Networks of Older Adults

You are invited to participate in a research study that examines the relationship between people experiencing memory loss and the people who support them.

Why Participate?

You will be compensated for your time and participation

Participation in this research will involve an online survey and an interview. All study activities are expected to take 1.5 - 2 hours.

Participants will be compensated \$100 for their completed interview.

Location

Research interviews will be held in person in Fort Wayne or virtually.

Are you eligible

- Age **65 or older**
- Able to understand spoken and written **English**
- Experiencing memory loss
- Access to a computer with internet or available to meet in person with research staff (available at select locations)
